bill retriever script   user id   password   .csv filename

to use the att_bill_retriever.sh type:

the name of the file - att_bill_retriever.sh

then type the user id - 8013680555 (for example)

then type the password - Stak3smarin3r

then type the name that you want to save the .csv file as - my_last_bill (for example)

each part has a space between it and the next part

Here is a full example as shown above

./att_bill_retriever 8013680555 Stak3smarin3r my_last_bill
